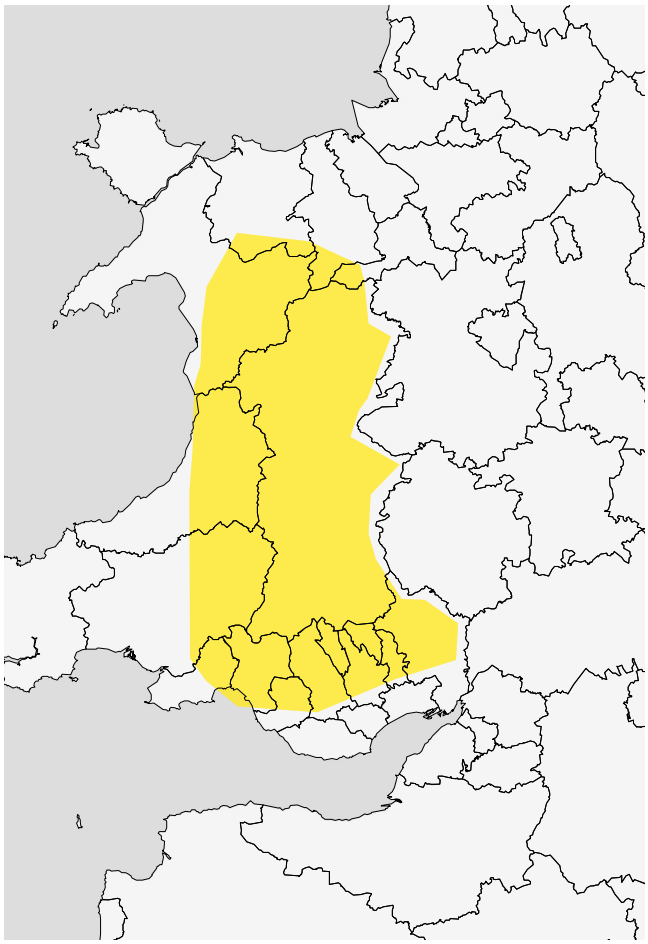
Yellow warning
Rain

Between
15:00 Mon 9 Mar 2020 and
12:00 Tue 10 Mar 2020



Wet and windy weather may lead to flooding and travel disruption.

What to expect

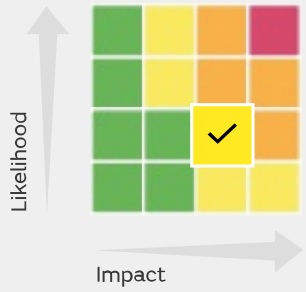
- Homes and businesses could be flooded, causing damage to some buildings
- Fast flowing or deep floodwater is possible, causing a danger to life
- Delays or cancellations to train and bus services are possible
- Spray and flooding could lead to difficult driving conditions and some road closures
- Some communities may be cut off by flooded roads
- Possible power cuts and loss of other services to some homes and businesses

Further details

Wet and windy weather will spread eastwards across Wales on Monday afternoon and persist until Tuesday afternoon. Some prolonged and heavy rain is expected, especially over higher ground. 20 to 40 mm of rain is likely to fall widely with many upland areas seeing 50 to 70 mm. Some hills and mountains may see around 100 mm in few places, the highest rainfall expected over high ground in mid-Wales.

Reason for update

Rainfall amounts and associated impacts have been increased and the area has been expanded eastwards



Low likelihood of medium impacts
